

SUREFRESH

A brand new water dispense solution
from BOC Sureserve

- Looking for ways for your business to save money?
- Looking for ways to generate additional revenues?
- Want to reduce the carbon footprint of your business?
- Want to enhance your customers' dining experience?

BOC's new Surefresh range of products can provide a solution to all of these questions. Providing your business with mains-fed filtered water that is chilled, still and sparkling for a clean, crisp taste.

At BOC, we understand that using robust equipment and receiving a reliable service is important when deciding to invest in a new product for your business.

Our Surefresh range will deliver this, save you money **and** provide additional revenue and profits for your business.

By using a Surefresh mains fed water system instead of bottled water you will:

- Reduce your annual spend on water
- Reduce manual handling and storage of bottled water
- Reduce your carbon footprint by eliminating bottled water deliveries
- Have a continuous supply of quality drinking water

The Surefresh service is hassle free and includes:

- Free site survey of your premises
- Free installation of water dispense equipment
- Free call out and maintenance service
- Nationwide emergency cover for breakdowns
- Comprehensive planned sanitisation programme, including filter replacement on each visit

Feel confident in the hands of Ireland's drinks dispense experts.
