

# Containers

# Dry Ice

SOLID CARBON DIOXIDE

Specially designed thermal storage containers are required to store and transport Dry Ice. BOC has a range of Dry Ice containers available for sale. Each container is rotationally moulded from polyethylene with high density urethane foam insulation to minimise sublimation and maximise the life of the product. BOC can also offer the 'H5 container' for rent.

40kg Container	H	D	W
Outer Dimensions	580mm x 500mm x 600mm		
Inner Dimensions	410mm x 315mm x 415mm		
Empty Weight	16kg		
Weight of Dry Ice	40kg		
Volume	50 litres		
Part Number	19220245		

60kg Container	H	D	W
Outer Dimensions	438mm x 600mm x 800mm		
Inner Dimensions	260mm x 452mm x 652mm		
Empty Weight	18kg		
Weight of Dry Ice	60kg		
Volume	77 litres		
Part Number	19220246		

100kg Container	H	D	W
Outer Dimensions	715mm x 600mm x 800mm		
Inner Dimensions	520mm x 420mm x 630mm		
Empty Weight	31kg		
Weight of Dry Ice	100kg		
Volume	138 litres		
Part Number	19220247		

120kg Container	H	D	W
Outer Dimensions	1050mm x 600mm x 800mm		
Inner Dimensions	700mm x 370mm x 580mm		
Empty Weight	50kg		
Weight of Dry Ice	120kg		
Volume	150 litres		
Part Number	19220248		

330kg Container	H	D	W
Outer Dimensions	1050mm x 800mm x 1200mm		
Inner Dimensions	700mm x 600mm x 1000mm		
Empty Weight	112kg		
Weight of Dry Ice	330kg		
Volume	420 litres		
Part Number	19220249		

H5 Container*	H	D	W
Outer Dimensions	978mm x 800mm x 1175mm		
Empty Weight	70kg		
Volume	448 litres		
Material Number (Rental)	577-H5		
Weight of Dry Ice	330kg		
*Rental only. H5 containers are transported in pallets (H 1190mm x D 980mm x W 980mm) Some variation in size possible.
